THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Woodstock in the County of Grafton in said State qualified to vote in Town Affairs:

You are hereby notified to meet at Town House in said Woodstock on Tuesday, the 10th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the town will authorize the selectmen to hire such sums of money as may be necessary in anticipation of taxes.
4. To see what discount will be allowed on taxes paid on or before September 1, 1942, and if 20 cents will be added to each poll tax not paid September 15, 1942.
5. To see if the town will vote to adopt the budget as printed.
6. To see if the town will vote to raise and appropriate the sum of \$200.00 to provide for additional fire protection due to the war emergency.
7. To see if the town will vote to raise and appropriate the sum of \$100.00 to repair the fences of the two cemeteries in the north end of the town.
8. To see if the town will vote to rescind the vote taken on Article No. 6 in the Warrant of March 11th, 1941 town meeting relative to the method of balloting.
9. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and forty-two.

R. B. SAWYER,
H. D. SAWYER,
E. P. LYNCH,
Selectmen of Woodstock.

It will be noted that Selectmen's Receipts for this period amounted to \$86.70 while this report shows \$105.00 received. This discrepancy is due to the fact that the administrator of the Albert F. Williams Estate was unable to reimburse the town for moneys carried in a checking account, therefor, the balance of \$18.30 due the town has been deducted from salary and expenses due Albert F. Williams Estate.

Signed,

ALBERT F. WILLIAMS ESTATE.

Having examined the foregoing accounts, we find them correctly cast and properly vouched.

REPORT OF THE WATER COMMISSIONERS

The water commissioner's work during the past year has been largely the routine labor involved in keeping the water systems in order. Only two new taps have been made - for Malcolm Downing at Woodstock and Edward Cloud at North Woodstock. The largest new job was installing the 4-inch pipe-line at North Woodstock (past Fadden's store to School street) replacing the former 1½ inch line.

The new thaw-rig has been practically complete for a year, except for necessary wire. It has been impossible to get that anywhere, and of course there is less prospect under war conditions. So far (February 5) only one place has required thawing and was not sufficiently safeguarded for zero weather with no snow covering.

It is a serious problem to get any materials for repair jobs, so it is especially necessary that hydrants be handled carefully and only by authorized persons. Two are already in bad shape from careless handling. If any hotel or private house requires a large amount of water for hose connection a stand-pipe should be installed instead of making use of a hydrant.

Something should be done this year on the 4 inch line at Moosilauke Bridge. Since it was installed the river has cut a channel under the pipe, leaving it partially suspended. Last fall it was covered as well as possible with boughs and sand, and is running at the end of the line to prevent freezing. A section of ledge should be blasted out and the pipe deeply lowered to make it safe for another winter.

Probably the greatest need at the north end is an auxiliary pipe-line through the reservoir so that the town can be supplied with water when the reservoir is being cleaned. With the large number of patrons, this would not only lessen fire-hazards but allow for a several day cleaning job which must be done soon because of accumulating sand. The reservoir is so large that a day, or even two days each year gives

little chance for anything except clearing the actual channel. This pipe with small dam and gate would involve quite an expense at a time when economy is desirable. However, it is worthy your consideration.

If every householder will check on running faucets when warm weather returns, the faucets will last longer and needless waste of water be avoided during the summer season.

Respectfully ubmitted,

LEANDER F. PARKER,

PARKS AND PLAYGROUNDS REPORT

Appropriation \$ 200.00. Usable surplus from previous year \$ 121.13. Overdraft \$ 15.92. Total tilizer was applied. Annual flowers grew vigorously in beds spaded and enriched with new loam and fertilizers. Both parks were mowed frequently. At the ball grounds the bleachers were repaired, clay hauled, rocks removed and much work done with a road grader on smoothing the playing surface. Considerable cutting and grubbing was done at the ski slope.

Ski Slope Improvement

Appropriation \$ 200.00. Usable surplus from previous year \$ 121.13. Overdraft \$ 15.92. Total expended \$ 337.05. The slope, tow line and trail were mowed. Much cutting and smoothing was done near the middle of the slope and at the bottleneck area near the bridge. Large trees had to be cut and hauled away; stumps and boulders grubbed and blasted, a 30-foot extension was built down stream on the log bridge and necessary repairs were made to the old section. About fifty yards of fill used to smooth the bridge approaches was secured by making a necessary excavation on the auto entrance road. Thirty yards of gravel was hauled onto the road and a new culvert laid. The woodshed was moved into a better position and surplus wood hauled to it. In addition to this a beginners practice area about 125' square was cleared and grubbed at the foot of the tow line.

The ski trail has not been satisfactory due to its rough condition. After attempts at securing a bulldozer for this work failed some hand work was done. It is necessarily too slow and until machinery is available and there is the proper traffic demand, the only future expense on this trail should be for mowing.

LLOYD V. SAWYER,

Chairman Parks and Playgrounds Committee,
Woodstock Outing Club.

This coming summer will be a hard one to secure brush fire permits. They will be issued only when it is to do away with fire hazards. Everyone must be on the look out for forest fires this coming summer. One bad fire set in the woods by some Spy could do a lot of BAD WORK. YOU CAN ALL HELP to overcome anything like that.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the School District of Woodstock:

The eighth report of the present Superintendent of Schools is hereby submitted and makes a part of the report of the School Board. In the interest of conservation and economy it is brief.

The report of the Headmaster is endorsed by the Superintendent of Schools. Only one change occurred in the teaching staff of the district. Mrs. Margaret Muchmore left town after a long period of outstanding teaching, always efficient and sympathetic with children and parents, at the same time loyal to the administration of the schools. Ruth Stearns, a graduate of the Plymouth Teachers College, is teacher in the intermediate room. The Board secured the services of Jane Guyer as supervisor of music. Miss Guyer is a graduate of the Course in Music at Smith College and has taken courses in Education so that she holds credentials to supervise in this state. The results of her supervision even starting late in the fall show results far more than it seemed reasonable to anticipate. The district is fortunate in having a teacher with such a cultural and musical background and, in my opinion, has taken a good step forward in introducing music under such leadership.

During the summer the buildings were put in repair and the North Woodstock School painted. It is the sense of the Board that another exit be made from the upper rooms at Woodstock in case of fire and air raids. Eventually an iron fire escape should be installed when steel and iron are more available than at present. Air raid drills have taken organized in both schools and reasonable protection is being provided for life and property.

In conclusion I repeat my statement of last report that in my opinion your schools are operating more efficiently than any time during recent years.

Respectfully submitted,

ALLAN M. McCURDY,

Superintendent of Schools.

Report of Headmaster

Woodstock High School
North Woodstock, N. H.
February 12, 1942

Mr. Allan M. McCurdy
Superintendent of Schools
Plymouth, New Hampshire

Dear Sir:

I hereby submit my second annual report of Woodstock High School.

Woodstock High School began September 3, 1941, with 48 pupils enrolled, distributed as follows: 11 seniors, 6 juniors, 12 sophomores, 18 freshmen and 1 special pupil. Five pupils have left school. Three have moved out of town with their families, 1 dropped out because of lack of interest in the school offering, 1 failed to return after a period of illness, and the special pupil is enrolled in a National Youth Administration training school. One new pupil has enrolled since September, making the present enrollment 43.

A course in biology was added to the program of studies this year. Biology is particularly helpful to those pupils who plan to enter nursing training schools after graduation. To alternate with biology, there will be a Science Survey course for commerce pupils and others who have not the time nor the interest to study physics and chemistry. It is felt these courses will aid the pupil by giving him a better understanding of his environment, and also will contribute to his usefulness about the home.

The addition of instruction in music this year has increased the interest of some in school, and it has added to the education of all. Miss Guyer works two periods each week with the high school pupils. The Glee Club, which she organized, is making definite progress under the direction of Miss Guyer and Miss Blanchard.

The extra-curricula activities this year are approximately the same as last year. There has been both boys' and girls' basketball. All of the pupils who cared to do so have had a chance to participate by organizing teams in school under the direction of the teachers and varsity pupils. The skating rink was made again this year on the playground. Because of poor weather conditions, we have participated in fewer winter sports meets. There has been fewer social activities than last year, but with so many activities vital to National Defense carried on by other local agencies, this curtailment is helpful rather than detrimental. During the winter months dancing classes were organized by Miss Blanchard and Miss Guay; all had an opportunity to learn to dance. Dancing is an activity which can be enjoyed long after participation in baseball and basketball is impossible.

Air raid precautions have been taken in school. Drills have been organized and are practiced frequently. The pupils of the grammar and high schools have purchased Defense Stamps enthusiastically. Stamps are secured from the postmaster and are sold in school every Thursday.

School attendance has been quite regular this year. The percentage of failures is relatively low. We at-

tempt to provide in the school an atmosphere conducive to study and achievement. The pupils are expected to do their best, and the teachers attempt to give as much individual attention as is needed to produce the most effective results. Parents are urged to visit the school and see their children in action.

Sincerely,

STEWART D. THOMPSON,

Headmaster.
